Please state your eligibility for this vacancy in Section 12 of your application. SROA/Surplus/Reemployment status applicants be sure to attach proof of this status to your application.
How to Apply	Submit a standard State application form (resume may be attached) to: Carol LiVecchi California Housing Finance Agency P.O. Box 4034 Sacramento, CA 95812-4034
Duties	<p>Under close direction of the Senior Programmer Analyst (Supervisor), the Programmer will develop and design application software. This includes application development, testing, implementation, and support for our legacy Queo applications. Also required is the development, testing and support of the object orientated web applications for the Agency's internet and intranet custom computer systems required for operation of the California Housing Finance Agency (CalHFA). Duties include:</p> <p><u>Essential Functions:</u></p> <p>60% Applications Development: Design, code, test, and implement applications using object oriented technology and legacy programming languages. Document, maintain databases, applications and CalHFA application systems.</p> <p>15% Technical Skills maintenance: Maintain competency and currency in the application development environment, languages and tools used by CalHFA including: Microsoft Visual Studio (VB.NET, ASP.NET, HTML, SQL, SQL DTS scripts, and Java Script.). Maintain competency with the operating system environment at CHFA which includes: UNIX, Windows NT, Windows 2000 Server, Windows Terminal Server, Windows 2000 and Windows XP desktops.</p> <p>10% Systems Analysis: As programmer for our internet and intranet applications, the incumbent would perform limited analysis of systems that support CalHFA Programs. For custom in-house internet and intranet development: Design effective application solutions, design and construct screens and reports.</p> <p>10% Communications: Meet with team members and clients to evaluate solutions for resolving IT system needs. Develop effective written documentation including project planning documents, memos, email and other documents to keep others well informed of project status. Communicate effectively with other members of the Application Development Team.</p>

Equal Opportunity to all regardless of race, color, creed, national origin, ancestry, sex, marital status, disability, religious or political affiliation, age, or sexual orientation.

It is the objective of the State of California to achieve a drug-free state workplace. Any applicant for State employment will be expected to behave in

<p><i>accordance with this objective because the use of illegal drugs is inconsistent with the law of the State, the rules governing civil service, and the special trust placed in public servants.</i></p>	<p>5%</p>	<p>Application Development Team Member: Actively participate as a team member. Stay current on emerging technology issues. Assist the team with strategic IT planning including, database and application program development innovations that should be considered.</p>
